

# Better Health Benefits for Private Schools

## A New Benefit Available Through OFIS

The Oregon Federation of Independent Schools is partnering with the Northwest Chamber Coalition to give eligible OFIS member schools access to the Chamber Health Plan.

**This employer-sponsored benefits program is designed to help private schools:**

Explore competitive group health insurance options

Offer stronger benefits to educators and staff

Manage rising healthcare costs

Improve employee recruitment and retention

Receive expert support throughout the process

## Coverage Designed Around Your School

Participating schools can explore a range of benefit options, including:

**Medical insurance**

**Dental coverage**

**Vision coverage**

**Life insurance**

**Traditional copay plans**

**Coinsurance plans**

**High-deductible and HSA-compatible plans**

Each school can compare available options with its current coverage and determine what best fits its employees, budget, and benefits strategy.

## A No-Cost, No-Obligation Review

Requesting information or receiving a quote does not require your school to enroll.

The Chamber Health Plan team will help your school review available options, understand costs and benefits, and make an informed decision.
